Subject: Spelling error in the erratum

Dear [editor],

I just found by chance a spelling error in the erratum you sent us. Please replace: 'The authors retains the copyright of this work' by 'The authors retain the copyright of this work'.

I discussed with some of the authors and we ask you to replace the title 'Erratum' by 'Erratum concerning the copyright' or 'Copyright attribution erratum'. Indeed, the error was not done by the authors and does not affect the content of the article, but only concerns the copyright.

Thank you for your kind help,
with my best regards,

Marie
