

Cambridge Open Option is an initiative that gives your publication the widest possible dissemination; by choosing to pay for the Open Access option, you can make your article freely available as soon as it is published online to everyone worldwide with access to the internet.

If you choose to publish your article in this way you are required to complete the following form, within one week of your manuscript being accepted for publication by **Journal of Fluid Mechanics**. If you prefer not to take part in the Open Access option, you need not do anything; your article will be published in the usual way, with access to the complete text being available only to subscribers.

The corresponding author should complete this form, and by doing so he or she authorises that the full charge of £1500/\$2700, plus VAT where applicable, will be paid. Please complete all parts of the form.

A. Manuscript number: JFM-10-S-0124

Manuscript title: The Lighthill--Weis-Fogh clap-fling-sweep mechanism revisited

Manuscript authors: Kolomenskiy, D.; Moffatt, H.K.; Farge, M.; Schneider, K.

B. Corresponding author

Name: Dmitry Kolomenskiy
